Chinese New Year Workshops

During January, February & March 2010 we will be running 1-hour workshops in order to help schools give their children a taste of Chinese language and culture.

The workshops

- take place in your school based on your timelines
- are a perfectly tailored offering for all ages from Reception up to KS3
- are a fun, one-off addition to a school timetable during the Spring term
- are a great opportunity for the children to ask questions about China and Chinese

In addition to the teaching, we will provide all children with worksheets, Chinese calligraphy guides and loads of cultural gifts!

Cost

£95 per 1-hour workshop for a class of around 30 children. *The price is inclusive of all transport, teaching & teaching materials.*
